

OPEN CALL TO INTERESTED PRIVATE BODIES TO APPLY FOR LICENSE OF OFFERING METROLOGY SERVICES IN RWANDA.

Referring to law N° 50/2013 of 28/06/2013 establishing Rwanda Standard Board (RSB) and law N°70/2019 of 10/01/2020 governing metrology services in Rwanda, article 4 of the law stipulates that private bodies may provide metrology services. In line with the economic transformation pillar of the National Strategy for Transformation (NST1) to create decent jobs for economic development and poverty reduction;

Referring to article 4 of law N°70/2019 of 10/01/2020 governing metrology in Rwanda, RSB would like to release an open call to competent and interested private companies to apply for license of offering metrology services in Rwanda in the field below for their interest in the defined scope of competences with evidence:

- a) License for offering calibration services in Rwanda.
- b) License for offering installation, maintenance and repair of measuring instruments in Rwanda.
- c) License of offering verification services of measuring instruments in trade transactions in Rwanda.
- d) License for offering verification services of tare weight, labeling, and marking, re-validation and stamping of LPG Cylinders.
- e) License of issuing Verified Gross Mass (VGM) certificate to the export containers.

The minimum requirements, mode of application and required payments are published on RSB website: www.rsb.gov.rw.

For any query or need clarification, please don't hesitate to contact **Mr. Zimulinda Philibert**, National Metrology Division Manager, Tel: **+250 788677728** e-mail: philibert.zimulinda@rsb.ov.rw.

Thank you for your cooperation.

Yours sincerely,

MURENZI Raymond
Director General
