

OPEN COURSES CALENDAR 2024-2025

In line with its mandate, Rwanda Standards Board (RSB) has engaged in imparting useful knowledge and skills in the area of standards implementation in both public and private sectors to complement national efforts to offer products and services of better quality and position these organizations to a higher competitive edge at national, regional and international levels.

This is done by offering training on the implementation of various standards for management systems, products and service and technical assistance to different organizations in a need of implementing standards applicable to sectors they are operating in.

It is against the above background that RSB would like to inform all interested stakeholders that eight (08) trainings have been planned to take place in the Fiscal Year 2024-2024 as provided in the below open courses calendar.

The link for registration for each training will be shared with the training announcement for each individual or business to apply to attend training in their interest.

NOTE: Details for training charges and conference package cost for each training will be communicated via each training announcement.

The open courses offered in this financial year are as follows:
