preparations, water glass [soluble glass], thallium, fuel for nuclear reactors, carbon, uranium, fertilizers / fertilisers, phosphorus, brazing preparations; metal hardening preparations, soldering chemicals, industrial chemicals, welding chemicals, water-purifying chemicals, chemical products, substances and compositions, in particular, solvents, extractants, complexants, resins, nitric, sulfuric and fluorhydric compounds, soda, ammonium, oxidation and reducing agents, all intended for industrial, scientific purposes in nuclear industry and energy, Chemicals for use in industry and science, including rare earths, vanadium oxide, amorphous quartz, doped silicon, stable and radioactive isotopes, highly purified materials, calcium salts, alkaline-earth metals, radioactive elements for scientific purposes, nuclear fuel elements containing pellets of fissile materials and numerical control machines., (2) Anti-corrosive preparations, protective preparations for metals; paints; dyes; lacquers; fireproof paints; anti-rust preparations; enamels [varnishes]. (4) Combustible briquettes, lubricating oil; lubricants, motor fuel; lighting fuel, electrical energy., (5) Radioactive substances for medical purposes, isotopes for medical purposes, dressings, medical; surgical dressings; biological preparations for medical purposes; radium for medical purposes radioactive pharmaceutical preparations and non-radioactive reagents for producing radiopharmaceuticals for in vivo diagnostic or therapeutic use, radon solid concentrates, diagnostic preparations for medical purposes; medicines for human purposes, substances and preparations for radiology for medical purposes, biological tissue cultures for medical purposes, (6) Closures of metal for containers, aluminium, fittings of metal for compressed air lines, fittings of metal for building, vats of metal, beams of metal/girders of metal, bottles [metal containers] for compressed gas or liquid air, anchors, bolts of metal, eye bolts / screw rings, casks of metal, barrels of metal silos of metal, vanadium, screws of metal, tungsten, gates of metal, sleeves [metal hardware], ferrules of metal for handles, nuts of metal, armored doors of metal / armoured doors of metal, doors of metal, troughs of metal for mixing mortar, buildings of metal, buildings, transportable, of metal, steel buildings, reinforcing materials, of metal, for concrete, reinforcing materials of metal for machine belts reinforcing materials of metal for pipes, reinforcing materials of metal for building, building materials of metal, refractory construction materials of metal, flashing of metal for building, shuttering of metal for concrete, props of metal, loading pallets of metal, handling pallets of metal, soldering wire of metal rods of metal for welding, rods of metal for brazing and welding, rods of metal for brazing, tanks of metal / reservoirs of metal, bindings of metal, titanium, cables of metal, non-electric, wire rope, pipework of metal, penstock pipes of metal, ducts of metal for ventilating and air-conditioning installations, drain pipes of metal, pipes of metal / tubes of metal, pipes in particular reactor fuel channels, steel pipes / steel tubes, Goods of common metals and their alloys not included in other classes, manganese, containers of metal [storage, transport], cables of metal, non-electric; wire rope; wire of common metal, metals in powder form, nickel, common metals, unwrought or semi-wrought; alloys of common metal, flux-cored wire in the form of metal tubes for welding of steel alloys, press moulds, rolled hafnium and its alloys, rolled niobium, rolled zirconium alloys, rolled titanium and its alloys, ores of metal, including uranium ores; niobium-titanium alloys, zirconium alloys, steel alloys tantalum [metal], refractory metals, in particular, beryllium [glucinium] / glucinium [beryllium], vanadium, tungsten, hafnium [celtium], germanium, indium, molybdenum, niobium, titanium, zirconium, chromium, Valves of metal, other than parts of machines., (7) Pumps [machines]; pumps [parts of machines, engines or motors], generators of electricity de-aerators for feedwater, motors, other than for land vehicles / engines, other than for land vehicles valves for nuclear power plants and vessels, pressure valves [parts of machines], machines and equipment for the decommissioning decontamination and deinstallation of nuclear facilities, centrifugal pumps, turbines, other than for land vehicles, turbocompressors, machine tools, metalworking machines, welding machines, electric, welding apparatus, gas-operated, high pressure washers, electrical apparatus for sealing plastics [packaging], electric arc cutting apparatus, electric arc welding apparatus, electric welding apparatus, concrete mixers [machines], bulldozers, valves [parts of machines], valves [parts of machines], vibrators [machines] for industrial use, emergency power generators, alternators, dynamos, current generators, generators of electricity, cylinder heads for engines, soldering blow pipes, gas-operated disintegrators, shredders [machines] for industrial use, diggers [machines], rams [machines], taps [parts of machines, engines or motors], cranes [lifting and hoisting apparatus], roller bridges, mobile cranes, winches, electromechanical machines for chemical industry, crushing machines, waste disposal units, earth moving machines, grinding machines, sifting machines, rammers [machines], waste compacting machines, rinsing machines, filtering machines, mixers [machines], vacuum cleaner bags, pulverisers [machines], drilling machines, saws [machines], chain saws, guns [tools using explosives], hoists, pulleys, cutting blow pipes, gas-operated, industrial robots, dust exhausting installations for cleaning purposes, pneumatic tube conveyors, dust removing installations for cleaning purposes, air suction machines, washing apparatus, elevating apparatus vacuum cleaner hoses, brushes for vacuum cleaners, excavators, shovels, mechanical, cartridges for filtering machines, motors, electric, other than for land vehicles, turbines for use in nuclear industry and energy, centrifuges [machines], torque converters, other than for land vehicles, electric drives, air cushion devices for moving loads, 3D printers, brushes [parts of machines], belts for machines, cowlings [parts of machines], wind turbines., (9) Detectors, remote control apparatus, sound recording apparatus; sound recording carriers; audio- and video-receivers; video recorders; camcorders; sound recording carriers; readers [data processing equipment], computer programs to monitor

and control factory manufacturing processes, electromagnetic coils, optical apparatus and instruments; scales; azimuth instruments; measuring instruments; surveying chains, material testing instruments and machines, magnetic wires; magnets scientific, research, navigation, surveying, optical, weighing, measuring, signalling, detecting, testing apparatus and instruments, all above for use in the construction, operation, maintenance, decommissioning and repair of industrial plants, power stations, nuclear repositories, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities and waste storage facilities, for use in scientific research, industrial research, research and development of new products for others and material testing; integrated circuits; chips [integrated circuits]; wafers for integrated circuits, semi-conductor devices, computer memory devices; USB flash drives; smart cards [integrated circuit cards], quantum dots, namely, crystalline semi-conductor materials, semi-conductors, silicon semi-conductor wafers, structured semi-conductor wafers, superconducting tapes superconducting wires and cables, superconductors, accumulators, electric, apparatus to monitor and control the radiation environment at the nuclear power plant, apparatus to monitor and control the neutron flux of the nuclear power plant reactor, apparatus to monitor and control the radiological safety at the nuclear power plant, apparatus to monitor, control and record the results of inspection at the nuclear power plant; thermostats, electro-dynamic apparatus for the remote control of signals X-ray apparatus and instruments other than for medical purposes, in particular charged particle linear accelerators for producing high energy x-rays and for x-ray imaging, for use in inspection, materials testing and industrial and security application, radiological apparatus for industrial purposes, monitoring apparatus, other than for medical purposes, battery jars / accumulator jars, batteries, electric; accumulators, electric, galvanic batteries, betatrons, gas testing instruments, generators of short-lived isotopes, piezoelectric sensors, transmitters of electronic signals, measuring apparatus, in particular dosimeters, coaxial cables, fibre optic cables / fiber optic cables, cables, electric, protective helmets, computer keyboards, electronic agendas, electronic book readers, mouse pads, visors for helmets, compact discs [audio-video], compact discs [read-only memory], computers, laptop computers, tablet computers, notebook computers, wearable computers, battery boxes / accumulator boxes, branch boxes [electricity], distribution boxes [electricity], junction boxes [electricity], connectors [electricity], lasers, not for medical purposes, rulers [measuring instruments], square rulers for measuring, slide-rules, mouse [computer peripheral], trackballs [computer peripherals], solderers' helmets, respiratory masks, other than for artificial respiration, materials for electricity mains [wires, cables], monitors [computer hardware], materials and semiproducts for electronics, single crystals knee-pads for workers, headphones, computer software, recorded sheaths for electric cables, identification sheaths for electric wires, computer hardware, life saving apparatus and equipment, shoes for protection against accidents, irradiation and fire, clothing for protection against accidents, irradiation and fire, radio pagers, gloves for protection against X-rays for industrial purposes, stands adapted for laptops, teaching apparatus, time recording apparatus, testing and measuring equipment for use in testing the performance and efficiency of power plant equipment, measuring apparatus, measuring devices, electric, precision measuring apparatus, computer software applications, downloadable, printers for use with computers, wires, electric, conductors, electric, copper wire, insulated, fuse wire, computer programs, recorded, computer game software, downloadable, computer game software, recorded, computer programs, downloadable, computer operating programs, recorded computer screen saver software, recorded or downloadable, record players, processors [central processing units] / central processing units [processors], electronic publications, downloadable distribution consoles [electricity], control panels [electricity], transmitting sets [telecommunication], radios, flowmeters, walkie-talkies, grids for batteries, security surveillance robots, laboratory robots teaching robots, humanoid robots with artificial intelligence, electric sockets, speaking tubes, horns for loudspeakers, hand-held electronic dictionaries, integrated circuit cards [smart cards] / smart cards [integrated circuit cards], spectrograph apparatus, spectrometers, protection devices for personal use against accidents, audiovisual teaching apparatus, charging stations for electric vehicles, radiotelephony sets, television apparatus, cellular phones / mobile telephones / cell phones, cordless telephones, interactive touch screen terminals, step-up transformers, headgear being protective helmets, gauges, particle accelerators, protection devices against X-rays, not for medical purposes, data processing apparatus, battery chargers, chargers for electric batteries, acoustic alarms / sound alarms computer peripheral devices, anti-interference devices [electricity], alarms, fog signals, non-explosive, whistle alarms, animated cartoons, filters for respiratory masks, USB flash drives, signal lanterns, digital photo frames, cases for smartphones, laboratory centrifuges, cyclotrons, sleeves for laptops, covers for personal digital assistants [PDAs], covers for tablet computers, covers for smartphones fire blankets, virtual reality headsets, protective helmets for sports, head guards for sports, lifeboats, switchboards, distribution boards [electricity], screens [photography], workmen's protective face-shields, projection screens, radiology screens for industrial purposes, fluorescent screens, ducts [electricity], galvanic cells, neutron generators based on charged particle accelerators, apparatus and instruments for laboratory scientific research, protective masks; plates for batteries, clothing for protection against accidents and injury for use in work with radioactive materials to prevent injury due to radiation exposure, converters, electric Apparatus for measuring nuclear radiation, radar apparatus; radiation detectors, apparatus and installations for the production of X-rays, not for medical purposes control and monitor system for nuclear power plants, sonars, electric installations for the remote control of industrial operations,

installations for spray coating, installations for controlling the temperature, fusion, cathodic anti-corrosion apparatus, anti-theft warning apparatus; whistle alarms X-ray apparatus not for medical purposes, scientific, research apparatus and instruments, in particular isotopic targets, targets with raw materials, galvanic cells, equipment for scientific research in the field of nuclear industry and energy, Interfaces for computers; computer programs, computer databases electric batteries, solar batteries, solar panels for the production of electricity., (10) Diagnostic apparatus for medical purposes, high frequency electromagnetic therapy apparatus lasers for medical purposes, low frequency electromagnetic therapy apparatus, magnetic resonance imaging [MRI] apparatus for medical purposes, tomographs for medical purposes, diagnostic apparatus for medical purposes, nuclear spin tomographs for medical purposes, X-ray tubes for medical purposes, X-ray apparatus for medical purposes, Medical apparatus, instruments and equipment, including linear accelerators for radiation treatment of tumors, medical apparatus and instruments, electromagnetic instruments for medical purposes, radiotherapy apparatus, apparatus and installations for the production of X-rays, for medical purposes, protection devices against X-rays, for medical purposes, radiology screens for medical purposes, radiological apparatus for medical purposes, veterinary apparatus and instruments; artificial limbs; orthopedic articles, apparatus and instruments for medical purposes., (11) Air filtering installations, gas scrubbing apparatus; air purifying apparatus and machines; filters for air conditioning; filters for drinking water, nuclear power generators, nuclear power installations, water filtering apparatus, component parts for nuclear reactors, nuclear reactors, light-emitting diodes [LED] lighting apparatus, water purifying apparatus and machines, coils [parts of distilling, heating or cooling installations], evaporators, level controlling valves in tanks, air-conditioning apparatus, refrigerating appliances and installations, steam boilers, other than parts of machines, ice machines and apparatus, cooling appliances and installations, lighting apparatus and installations, sanitary apparatus and installations, pressure water tanks, heat exchangers, other than parts of machines, pipes [parts of sanitary installations], air-conditioning installations, desalination plants, installations for processing nuclear fuel and nuclear moderating material, cooling installations for water, water purification installations, steam generating installations, water distribution installations, ventilation [air-conditioning] installations and apparatus, cooling installations and machines, water supply installations air cooling apparatus, heating elements, Installations for reprocessing nuclear fuel and nuclear moderating material, filters for household or industrial installations including, the removal of nuclear materials, (12) Motors, electric, for land vehicles, Vehicles; water vehicles; air vehicles; electric vehicles; vehicles for locomotion by land, air, water or rail; air cushion vehicles; aircrafts; aeroplanes; armored vehicles, space vehicles, (13) Ammunition; projectiles [weapons], primings [fuses], explosives, firearms, (14) Ingots of precious metals., (16) Graphic prints; graphic representations; blueprints / plans; bookbinding material; teaching materials [except apparatus], office requisites, except furniture; adhesive tape dispensers [office requisites]; correcting fluids [office requisites]; fountain pens; pencils; punches [office requisites]; paper clasps, cardboard; printed matter; albums / scrapbooks, forms, printed, note books, pamphlets, booklets, newsletters, waxed paper, magazines [periodicals], calendars, index cards [stationery], Cards; catalogues, envelopes [stationery], carbon paper, Wrapping paper, stationery, prospectuses, filter paper garbage bags of paper or of plastics, manuals [handbooks] / handbooks [manuals], bags [envelopes, pouches] of paper or plastics, for packaging, Photographs [printed], printing type, Paper., (17) Insulating paints, caulking materials; plastic film, other than for wrapping, sealant compounds for joints; weatherstripping compositions; gaskets / joint packings , junctions, not of metal, for pipes not of metal pipes for uranium mines, plants and centers for the storage, warehousing, isotope separation, processing, reprocessing and recycling of fuels, ores, nuclear materials, uranium, plutonium and nuclear waste, flexible hoses, not of metal, fittings, not of metal, for flexible pipes, pipe gaskets / joint packings for pipes, expansion joint fillers / fillers for expansion joints, non-conducting materials for retaining heat, dielectrics [insulators], fittings, not of metal, for rigid pipes, plastic substances, semi-processed insulating materials, insulating oils., (19) Insulating glass for building, buildings, transportable, not of metal prefabricated and transportable non-metal constructions and non-metal building materials for the reprocessing and recycling of nuclear materials, uranium, plutonium and nuclear waste, water-pipes, not of metal, concrete building elements, cement, concrete, clinker ballast, penstock pipes, not of metal, gutter pipes, not of metal ducts, not of metal, for ventilating and air-conditioning installations linings, not of metal, for building cladding, not of metal, for building paving blocks, not of metal asphalt paving, branching pipes, not of metal shuttering, not of metal, for concrete, props, not of metal, windows, not of metal, grog [fired refractory material] / fireclay, materials for making and coating roads, reinforcing materials, not of metal, for building fireproof cement coatings, Manufactured timber buildings, not of metal, drain traps [valves], not of metal or plastic water-pipe valves, not of metal or plastic, clay ceramic pipes drain pipes, not of metal., (22) Raw fibrous textile, carbon fibers for textile use., (35) Publicity; marketing , sales promotion for others; dissemination of advertising matter; direct mail advertising; radio advertising; television advertising; online advertising on a computer network, advertising, business management and organization consultancy I n the power-generating sector, Commercial lobbying services, business administration and business management consultancy, business administration and office work, business management assistance, business investigations, marketing, business strategy development services, Commercial or industrial management assistance Outsourced administrative management for companies, E conomic

forecasting, import-export agency services, marketing, consulting, marketing plan development, promotional sponsorship of cultural activities in the field of nuclear industry and energy, marketing research, business management and organization consultancy; cost price analysis; financial auditing; computerized file management; book-keeping; market studies; commercial information and advice for consumers in the choice of products and services; professional business consultancy; organization of exhibitions for commercial or advertising purposes; updating and maintenance of data in computer databases; providing business information via a web site; business appraisals; business project management services for construction projects; provision of commercial and business contact information; compilation of statistics; market intelligence services; outsourcing services [business assistance]; Compilation of information into computer databases, business efficiency expert services, personnel management consultancy, business management consultancy, business organization consultancy, business research, business information commercial intermediation services, negotiation and conclusion of commercial transactions for third parties, consultancy regarding public relations communication strategies, consultancy regarding advertising communication strategies, interim business management.

, (36) Financial analysis, financial consultancy, capital investment, financial information, financing services, financial research, financial management, financial management in the spheres of nuclear industry and energy, financial activities related to the acquisition of participation in existing and future financial, commercial, industrial companies, financial examination, analysis, information and management, consultancy relating to the nuclear industry and energy, Arranging finance for construction projects., (37) Repair information, building, installation, repair, and maintenance services for apparatus, equipment and infrastructure in nuclear power plants and energy generation installations, construction of uranium isotopic separation plants, installation and maintenance services of inspection and safety equipment in nuclear power plants and energy generation installations, exploitation of uranium deposits, drilling of wells, reconstruction of machinery for nuclear power stations, nuclear repositories, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities, waste storage facilities, mines, plants and centers for the storage, processing, reprocessing and recycling of nuclear fuels, ores, nuclear materials, uranium, plutonium, Rebuilding steam generators, turbines, turbo-generators, electric generators, electric machines at the nuclear power plant; Rebuilding of nuclear reactors, water reactors and machines for producing, processing and re-processing of nuclear materials including nuclear fuel, metallic ores, nuclear materials, uranium ores and plutonium, mining extraction, consultancy and information in the field of construction of uranium enrichment plants; installation, repair and maintenance of facilities for uranium enrichment and isotopic separation, information in the field of construction of uranium isotopic separation, information in the field of installation, repair and maintenance of facilities for uranium isotopic separation, building construction supervision, rustproofing, radiation equipment charging and recharging services, quarrying services repair and maintenance of nuclear power plants and provision of related information, pump repair factory construction, including uranium enrichment plants, nuclear power plants and nuclear waste recycling facilities, construction, maintenance, decommissioning and repair of nuclear stations, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities and waste storage facilities, mines, plants and centers for the storage, processing, reprocessing and recycling of fuels, ores, nuclear materials, uranium, plutonium, installation, maintenance, decommissioning and repair of nuclear reactors and water reactors, nuclear fuel producing facilities installation and commissioning of nuclear power plants, nuclear cogeneration plant, installation and commissioning of radioisotope instruments, heating equipment installation and repair, installation and repair of air-conditioning apparatus, electric appliance installation and repair, installation, setup and maintenance of appliance for scientific purposes, installation, maintenance and repair of radioisotope instruments, radiation apparatus in the spheres of nuclear industry and energy installation, maintenance and repair of apparatus for energy production, installation, maintenance and repair of machines and apparatus for energy distribution and control and provision of related information installation, maintenance and repair of radiological apparatus, rebuilding machines that have been worn or partially destroyed, building sealing / damp-proofing [building], construction information construction consultancy, installation of utilities in construction sites, scaffolding, asphaltting, vehicle washing, laying of cable, pumicing, plumbing, masonry, painting, interior and exterior, underwater repair, repair of power lines, demolition of buildings, pipeline construction and maintenance, warehouse construction and repair, cleaning of buildings [exterior surface], factory construction, machinery installation, maintenance and repair, vehicle cleaning, construction, Burglar alarm installation and repair; fire alarm installation and repair, machinery installation, maintenance and repair, including for nuclear power stations, nuclear repositories, nuclear fuel producing facilities, nuclear fuel re-processing facilities, nuclear material storage facilities and waste storage facilities installation, maintenance and repair of facilities for uranium enrichment and isotopic separation interference suppression in electrical apparatus, Construction consultancy, including construction plans (scheduled plans) and projects drafting, Mining., (38) Data transmission via Internet, telecommunications routing and junction services, Transmission of electronic mail, information about telecommunication, rental of telecommunication equipment, communications by fibre optic networks, providing telecommunications connections to a global computer network, providing user access to global computer networks, providing access to databases streaming of data, teleconferencing services, radio communications,

satellite transmission, computer aided transmission of messages and images, radio broadcasting, transmission of digital files, communications by cellular phones, communications by computer terminals, telecommunication services, in particular, local and long distance transmission of voice, graphics and information by means of local computer network, internet and intranet networks, and radio, telephone, and telegraphic communication services in areas related to nuclear industry and energy., (39) Unloading cargo, delivery of goods, storage, transportation logistics. Rescue and salvage operations concerning liquidation of nuclear and radiation accidents at nuclear power plants, industrial and other parts of nuclear complex, transportation information, Information in the field of warehouse storage including storage of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies, Information in the field of wrapping of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies, transport of equipment and nuclear fuel for nuclear power plants; hauling; ferry-boat transport; boat transport; Rental of warehouses, car transport, packaging of goods, ice-breaking, freight forwarding, electricity distribution, stevedoring, physical storage of electronically stored data or documents, wrapping of goods, providing driving directions for travel purposes, barge transport, marine transport, railway transport, transport and storage of waste, water supplying, wrapping of goods, including wrapping of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies, transport, storage of goods including storage of natural uranium, enriched uranium, depleted uranium, uranium oxide, uranium dioxide, uranium oxide concentrate, uranium hexafluoride, plutonium, fuel for nuclear reactors, isotopes for industrial and medical purposes, centrifuges for uranium isotope separation, equipment for construction of facilities for uranium enrichment, spent nuclear fuel and irradiated heat-generating nuclear reactor assemblies distribution of energy, information and consultancy services in the field of distribution of energy and electricity, (40) Services for mechanical processing of metals and metal goods, in particular turning, milling, drilling, planing, boring, stamping and grinding works; services for heat treating of metals and metal goods, in particular, tempering, cementation, nitration, softening , air purification, processing of oil, reprocessing of spent nuclear fuel and provision of related information, services for production and processing of fuel and other energy sources, Production of energy on nuclear power plants, services for nuclear fuel production, conversion and processing of nuclear fuel, rental of generators, silver plating, laser scribing, uranium enrichment services, in particular uranium enrichment and mixing;
